

INSTITUTE
FOR RESEARCH
IN BIOMEDICINE

OPEN POSITION AT IRB BARCELONA MASS SPECTROMETRY CORE FACILITY MANAGER (ref. CF/08/01)

The Institute for Research in Biomedicine (IRB Barcelona) is an independent, non-profit research institution engaged in basic and applied biomedical science. It is located in the Barcelona Science Park (Parc Científic de Barcelona, PCB), a centre in which first-class public research converges with the private sector in a stimulating, vanguard scientific environment. IRB Barcelona was founded in October 2005 by the Government of Catalonia (Generalitat de Catalunya), the University of Barcelona (UB) and the Barcelona Science Park and is administrated through a private foundation. The institute currently has 400 members (scientific, technical and administrative staff) and plans to grow significantly in the coming years.

The IRB invites applications for **Manager** to cover the opening in Mass Spectrometry Core Facility:

CANDIDATE PROFILE

The successful candidate will be responsible for setting up and managing a new laboratory of protein mass spectrometry.

Candidates should have a PhD and proven experience in at least one of the following fields:

- 1) Study of non-covalent protein-protein complexes using Mass Spectrometry and/or
- 2) Spectrometric applications to proteomics.

HOW TO APPLY

Suitable candidates are requested to submit:

- A presentation letter with research experience and interests. Please specify in which job post are you interested.
- A Curriculum vitae, including a full address, a contact phone number and an e-mail address
- The contact details (including e-mail address) of three references

INSTITUTE
FOR RESEARCH
IN BIOMEDICINE

Applications must be submitted by e-mail to:
irbjobs@irbbarcelona.org

E-mail submissions must be in pdf format and must include the candidate's last name followed by the job reference CF/08/01 in the mailing label.

Candidates should be willing to be contacted by phone during the selection process.
