

INSTITUTE
FOR RESEARCH
IN BIOMEDICINE

OPEN POSITION AT IRB BARCELONA GROUP LEADERS ONCOLOGY PROGRAMME (ref. GL/08/01)

The Institute for Research in Biomedicine (IRB Barcelona) is an independent, non-profit research institution engaged in basic and applied biomedical science. It is located in the Barcelona Science Park (Parc Científic de Barcelona, PCB), a centre in which first-class public research converges with the private sector in a stimulating, vanguard scientific environment. IRB Barcelona was founded in October 2005 by the Government of Catalonia (Generalitat de Catalunya), the University of Barcelona (UB) and the Barcelona Science Park and is administrated through a private foundation. The institute currently has 400 members (scientific, technical and administrative staff) and plans to grow significantly in the coming years.

The **IRB Barcelona** invites applications from outstanding and dynamic researchers to cover openings for independent Group Leader positions within the Oncology Programme. Applications from senior and junior scientists devoted to research on the basic principles of cancer development are welcome. Successful post-docs who are looking to establish their first groups are encouraged to apply.

IRB Barcelona will provide successful candidates with a generous start-up package and access to state-of-the-art core facilities and equipment.

HOW TO APPLY

Suitable candidates are requested to submit:

- A presentation letter with research experience and interests. Please specify in which job post are you interested.
- A Curriculum vitae, including a full address, a contact phone number and an e-mail address
- The contact details (including e-mail address) of three references

INSTITUTE
FOR RESEARCH
IN BIOMEDICINE

Applications must be submitted by e-mail to:
sara.martorell@irbbarcelona.org

E-mail submissions must be in pdf format and must include the candidate's last name followed by the job reference **GL/08/01** in the mailing label.

Candidates should be willing to be contacted by phone during the selection process.

Selection will be based on merit and potential, measured in terms of the past experience and personal achievements.

The call is open until all positions are filled.
