

IRB_DREAM

A Marie Skłodowska-Curie COFUND Programme for early-stage researchers

Are you passionate about biomedicine? Do you want to pursue a PhD, train in the first-class research environment provided by the Institute for Research in Biomedicine (IRB Barcelona), learn from internationally recognized experts in their respective fields, and build a solid knowledge base that will open up career opportunities?

If this is you, then chase your dream career through the IRB_DREAM PhD programme.

IRB_DREAM

A Marie Skłodowska-Curie COFUND Programme for early-stage researchers

Funded within the **Marie Skłodowska-Curie actions (MSCA) H2020 2019 call**, **IRB_DREAM is offering 5 four-year fellowships for the academic year 2022-2023 for researchers willing to carry out their PhD project.**

IRB Barcelona is a vibrant multidisciplinary institute where scientists address challenging and pressing biomedical problems in a collaborative fashion to provide groundbreaking solutions to unmet medical needs.

IRB_DREAM is aimed at talented young researchers wishing to undertake their PhD theses in one of its 28 state-of-the-art laboratories that tackle cutting-edge topics in cancer/metastasis, ageing and cell reprogramming, metabolism, cell differentiation, and genomics, among others.

IRB Barcelona offers:

- A vibrant multidisciplinary research environment
- Research and innovation training
- Transversal skills development opportunities
- A wide range of outreach activities
- A rich social and cultural environment (Cool-off parties, sports, exhibitions)
- Wellbeing activities such as yoga sessions and physio service
- Assistance with the administration procedures to join IRB Barcelona, with relocation and immigration affairs, and with university enrolment procedures and academic paperwork

IRB_DREAM will recruit prospective talented researchers of any nationality, gender, culture, religion, sexual orientation or age to undertake a PhD in biomedicine. To be eligible for an IRB_DREAM fellowship please visit <https://bit.ly/3aAXZVR>
