

EXTRAORDINARY SEMINAR

Maths4Life 2025

● **SPEAKERS**

- Adrià Vico Sánchez - **Linking small molecule bioactivity descriptors to gene expression via deep learning**
- Jofre Dolcet Fernández - **Reinforcement learning-based optimization of an atomistic RNA force field using NMR constraints**

● **Date:** Monday, September 8th from 11:00 - 12:00 h

● **Place:** Fèlix Serratosa, PCB
