The Institute for Research in Biomedicine (**IRB Barcelona**) is an international research centre devoted to offering biomedical solutions to cure cancer and other diseases linked to aging.

The **BBVA Foundation** promotes and funds world–class scientific research and cultural creation. One of its main focuses is Biomedicine, which it supports through competitive grant programs, projects in collaboration with front-line research institutions and the dissemination of top-quality health information aimed at patients and the general public.

Barcelona BioMed Conferences bring together about 20 speakers selected from among leading international researchers in a highly focused think-tank atmosphere. A limited number of participants, selected on the basis of their scientific experience, are invited to join. Registration is free.
