

A future in biomedicine

Start your Science Career at IRB Barcelona

INSTITUTE
FOR RESEARCH
IN BIOMEDICINE

In collaboration with:

Radboud Universiteit Nijmegen

Fellowships for BsC student research internships

- Structural Characterization of Macromolecular Assemblies
- Comparative Genomics
- Laboratory of Molecular Biophysics
 - Structural Biology of Protein & Nucleic Acid Complexes and Molecular Machines
- Chromatin Structure and Function
- Cell Signaling
- Amino Acid Transporters and Disease
- Complex Metabolic Diseases and Mitochondria
- Metabolic Engineering and Diabetes Therapy

Deadline: 19 June 2019
