(except Friday 13: 9:00 – 14:00 h)
Esade Executive Education
Building
Av. Esplugues 92-96
Pedralbes
08034 Barcelona

Addressed to:
Senior and postdoctoral researchers, staff and graduating doctoral students, members of the BIST Community. Researchers from other institutions are also welcome upon request and subject to availability.

From Science to Business will prepare participants to:

• Get acquainted with the business world and learn how companies create value for society and for themselves: providing more, better and healthier food, a cleaner, healthier and safer environment, and a longer and better quality of life and wealth.

• Understand the framework within which companies work and how they create value in a competitive environment.

• Get a hands-on approach to the new venture creation process, and the role that science/technology plays in it.

• See that new venture creation needs scientists and engineers, and that entrepreneurship can be an attractive career path.

Check with your institute’s organisers to register.

The BIST research centres are:
