

Barcelona BioMed Seminars

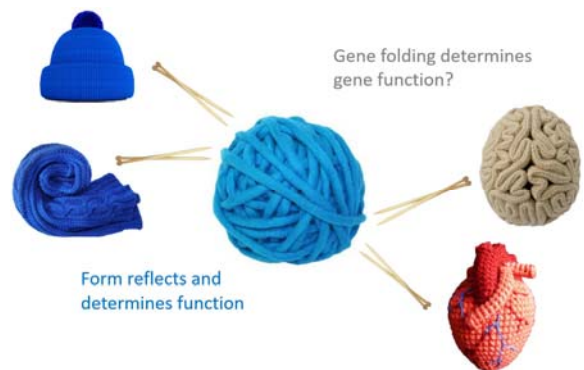

Research Nodes' Seminar

Linking chromatin structure, chromosome conformation, and gene regulation

Pablo D. Dans Puiggròs, PhD

Molecular Modeling and Bioinformatics Group

Cell Pathophysiology Node

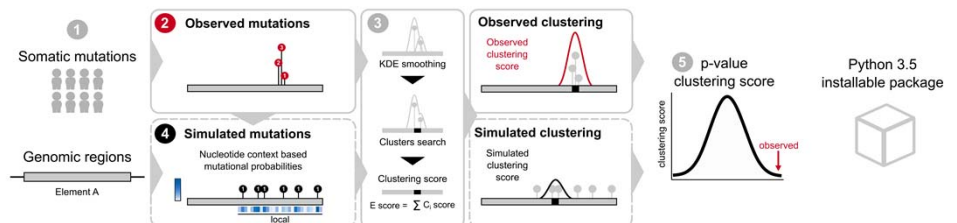

OncodriveCLUSTL: a sequence-based clustering method to identify cancer drivers

Claudia Arnedo

Biomedical Genomics Group

Computational Biology Node

Date: Monday, 7 January, 12.00h

Place: Serratosa Room

Barcelona Institute of
Science and Technology
