

Barcelona BioMed Seminars

Research Nodes' Seminar

AMP-dependent/AMPK-independent control of glucose homeostasis

Dr. Kei Sakamoto

Head of Diabetes and Circadian Rhythms

Nestlé Institute of Health Sciences

Lausanne, Switzerland

Preclinical Models of Disease / Cell Pathophysiology Node

Signalling networks and energy-sensing mechanisms underlying exercise and metabolism

Dr. Nolan J. Hoffman

Postdoctoral Researcher - Exercise and Nutrition Research Program

Mary MacKillop Institute for Health Research

Australian Catholic University, Melbourne, Australia

Preclinical Models of Disease / Cell Pathophysiology Node

Date: 12.00h, Wednesday, 8 May, 2019

Place: Auditori, PCB

Barcelona Institute of
Science and Technology
