FOR RESEARCH
IN BIOMEDICINE

Barcelona BioMed Workshops

Laying out a Scientific Thesis with Adobe Indesign

This activity will allow students to:

- To become familiar with the user interface of page-layout application.
- To create and edit doctoral theses independently using a professional layout program.
- To integrate text and images, apply styles and develop complex figures and charts.
- To design with aesthetic criteria when structuring information.
- To export work to .jpg and .pdf to be used in screen presentations or to be printed.

Date	11 and 13 February 2020
Time	14:00 – 18:00
Place	Room 1 Tower I, Parc Científic de Barcelona
Target	3 rd year PhD researchers and upwards

The group will comprise 15 participants, who will attend two 4-h sessions, held over two afternoons.

To register, please send an email to alba.echarte@irbbarcelona.org
